Bacoor, Calabarzon, Philippines

PROFESSIONAL SUMMARY

IT graduate with a background in sales and hands-on experience in full-stack web development and cloud computing. Built a real-world multi-branch booking system using PHP/Laravel and MySQL. Currently deepening cloud expertise through AWS Skill Builder (Cloud Quest, SimuLearn) and working toward the AWS Cloud Practitioner certification. Passionate about cybersecurity and cloud infrastructure, with strong communication skills developed through prior client-facing roles.

TECHNICAL SKILLS

Cloud & DevOps: AWS (EC2, Lambda, S3, CLI), AWS Skill Builder, Cloud Quest, SimuLearn

Web Development: PHP, Laravel, HTML, CSS, Bootstrap, JavaScript, MySQL

Networking & Security: TCP/IP, Network fundamentals, Cisco Networking Basics (certified).

Tools & Workflow: Git, VS Code, Figma (basic), AI-assisted development

Soft Skills: Client communication, problem-solving, technical documentation, team collaboration

EXPERIENCE

Web Application Developer

September 2025 – December 2025

Skin911 • Philippines

- Designed and developed a multi-branch booking and sales monitoring system as the team's lead developer for a capstone project.
- Built the full frontend using HTML, CSS, Bootstrap, and JavaScript; developed backend features with PHP and Laravel.
- Implemented user authentication, booking management, and role-based access control.
- Designed and managed MySQL databases covering bookings, services, branches, and sales records.
- Created system documentation including Data Flow Diagrams (Level 0–2) for analysis and design review.
- Leveraged AI-assisted tools for debugging, code quality improvement, and documentation support.

Salesperson

March 2025 – May 2025

Aurefine • National Capital Region, Philippines

- Managed client consultations and product presentations in a competitive retail environment.
- Developed active listening and needs-assessment skills — consistently matched customers to appropriate products.
- Strengthened interpersonal communication and objection-handling abilities that now complement technical client work.
